

## 21-110: Problem Solving in Recreational Mathematics

Spring 2010

### First-day questionnaire

---

Name:

E-mail address (please write neatly):

Why are you taking this course? What do you want to get out of it?

Can you make it to at least part of my currently scheduled office hours (Monday and Wednesday, 2:30–4:00 p.m.)?

What are your hobbies and interests? What is your major, and why does it interest you?

Describe your mathematics background. What courses have you taken? Have you enjoyed them? What things in math do you like the most? What things do you like the least?

What is some good music I should listen to, or a good movie I should watch, or a good book I should read?

If math were an animal, what animal would it be, and why?

Draw a picture of yourself.
