

Spring 2021 - 21122 TA Evaluation

Name (you can remain anonymous)

██████████

Name of the TA *

Wang Chi Leung

Comments about the course

This course is pretty well-organized with a corresponding textbook that helps people to review the content if they didn't understand things in class. But I do hope that the questions in the quizzes will be posted so that we can better review for the final.

[Note: The student was notified that quiz questions and solutions were already posted online.](#)

Comments about the TA

Samson is super helpful! When I got confused by the homework or class materials he's always ready to help and offers very good advices and hints on those problems.
